E. V. Springbirt and Bride Honored by Delia Friends

On the evening of September 7th, about seventy of the rate-payers and friends gathered at the home of Mr. and Mrs. E. V. Springbirt, to welcome the bride and groom to their new home in the community, and also to show their appreciation of the excellent work accomplished last year by Mr. Springbirt as principal of the Delia School. Finding the home too small to accommodate the number, on the kind invitation of Mr. and Mrs. Stanley Walker, at Mr. Peter Thompson, on behalf of the ratepayers, expressed their appreciation of the services being rendered by the entire teaching staff. Mr. Burke congratulated the School Board on securing the services of such capable teachers during their term of office, to which Mr. Springbirt very fittingly replied, thanking those present for the honor they did Mrs. Springbirt and himself, and emphasizing the fact that he had never taught in a better school.

The remainder of the evening was very pleasantly spent with music and dancing. Before departing, much was served by the ladies—Mrs. S. Walker, Mrs. W. A. Lowe, Mrs. G. Hamilton and Mrs. S. N. Bigelow.

(The dance was held over from last week.)

G. H. McCrea Elected Secretary Alberta—Next Conference at Camrose

At the closing meeting of the Alberta division, Canadian Weekly Newspapers' Association convention Friday evening, September 14th, at the Red Deer Advocate, Red Deer, was re-elected president, and H. G. McCrea of the Hanna Herald, Hanna, was re-elected secretary. The latter was made the recipient of a presentation in recognition of his untiring work in that position during the past year.

The convention recommended to the executive that the next convention be held at Camrose.

B. G. Tiffin, former Alberta M. P., is now residing in Toronto. James A. Crowe, was elected president of the Winnipeg Press Exchange.

Health Service of the Canadian Medical Association

THE NORMAL BABY
The number of requests for information prompts the writing of this article on the normal baby.
The following are the general characteristics of the normal, healthy baby:
A good appetite.
Absence of vomiting or regurgitation.
Bowel movement, one or two to twenty-four times.
A steady gain in weight.
A constant gain in stature and intelligence.
Bright, wide eyes.
Clear skin.
Alert, smiling behavior.
A contented expression.
Very little crying.
Quiet, unobtrusive sleep, with eyes and mouth closed.
No evidence of pain or discomfort.
The developed vision in the following order for the average normal baby:
The soft spot at the back of the head closes at the end of the second month, that on the top of the head, between the 14th and 22nd month.
The eyes usually close at birth, because their permanent closure is not first three weeks.
At six weeks, the baby begins to distinguish different objects, and to fix its vision, definitely recognizes objects.
Hearing and knowledge of the direction of sound develop about the second month.
With the body supported, the head is held up after four months.
The baby laughs aloud at the third to the fifth month. He reaches for toys at from the fifth to the seventh month. He sits erect and creeps at from the seventh to the eighth month. He attempts to stand at the ninth or tenth month, and, with assistance, usually stands at the tenth or eleventh month. He begins to walk at the twelfth or thirteenth month and usually can walk at the fourteenth or fifteenth month. He can usually grasp a few words at four months, and read sentences at the end of the second year.

Questions concerning health, addressed to the Canadian Medical Association, 184 College Street, Toronto, will be answered by letter. Questions on diagnosis and treatment will not be considered.

SENTINEL HILL ITEMS.

Mrs. W. Wigzell has returned to her home here after having spent some time in Calgary visiting her daughter, Miss Mary Wigzell.

Mr. R. A. MacPherson is in Calgary this week on Wheat Pool business.

Mr. A. Carson and Mr. B. Hand are busy combining wheat on the farm of Mr. W. McNeil. Mr. Carson has been successful in combining about 110 acres on his own farm. Both sample and yield are very satisfactory no matter what the yield being around 43 bushels per acre, and the grade No. 1.

Mr. H. Limpert and Mr. Fulton are also combining and combining wheat.

The Sentinel Hill W. L. will hold their September meeting in New post school, Mrs. Richardson and Mrs. B. Jones being hostesses. Mrs. C. H. Ross and Mrs. A. S. Gray of Drumheller, are expected to be present. Mrs. Ross will give a paper on "Law" and Mrs. Gray will give a reading. Special music is also being arranged. Every lady in the community should make an effort to be present and enjoy this meeting. The affair will be held on Thursday, September 20, at 3 o'clock.

Cards of Thanks

I wish to thank the Ladies' Aid and the Women's Institute for the lovely flowers that they sent to me during my illness in the Hospital at Hanna.

Miss Mary SWED, Delia.

Mrs. E. L. Venns wishes to thank the many kind friends and neighbors for their expressions of sympathy in her recent and unexpected illness. Mrs. and Mrs. A. S. Newland and Delia Church, as well as all those who sent floral tributes, which were deeply appreciated.

Layman Giving Strong Support

Missionary Appeal of Church Meets Firm Response Everywhere

Great numbers of laymen's support, together with similar contributions of all United missions in Canada, are features of activity reported by the Missionary and Extension Fund committee to the General Council of The United Church of Canada. The result is an unexampled missionary response, totaling by giving:
Benefits of \$2,700,484 or 82.3 per cent. of an annual objective in 1926-27 and of \$2,351,311, or 80.8 per cent. of a proportionate objective in the last nine months of 1927 are reported. The system adopted in 1926 of uniting Canada with annual canvass and weekly giving as the basis of missionary achievement.

Every church in Canada shows an increase in percentage of giving in the second year of the two-year period under review. This is fortunate from the Church's standpoint, as all its missionary, educational and benevolent enterprises are maintained out of this fund.
Montreal and Ottawa Conferences in giving \$5.65 per member, the United Church of Canada, Toronto Conference more next and Saskatoon is third on the list. The average annual giving for the past two years, it is stated, are twenty per cent. in advance of the giving which the church now in The United Church of Canada gave annually in 1910.

In the past two years an average annual canvass was held in 3,021 parishes, as compared with 2,800 in the previous year, so its increase of 1,041. This signifies that a more regular and dependable flow of income for United-mission is being provided.

9th Portlandly Crop Report

(Based on Department of Agriculture, Government of Alberta.)

Edmonton September 19th, 1928. Telegraphic report received from the Department of Agriculture here having operations proceeding satisfactorily over the whole Province. A. A. Macdonald's account, used by light rain is some districts, however, for last few days. Other than this, weather conditions have been ideal. The cutting of wheat is well advanced in some districts from 35 to 50 per cent is still required in making of the grain going to processing rapidly and all harvesting should be completed within a week if the weather continues favorable.

Threshing is under way in most places with approximately 1,000 men and 1,000 horses at work. A large number of combines and threshers have been used and are being used in the early days, but on the whole the grade should be somewhat better than last year's crop, especially in the north of the Province River. A number of points report that the crop is averaging 40 to 45 bushels per acre. The average for the province, however, will likely be about 35 bushels per acre. The estimated average in wheat is \$75,000,000. This will be a record for the province year previously up to the year's total.

Canada Alcoholized

by Import and Sale

"Canada is rapidly being alcoholized. This is the central theme of the Board of Temperance and Social Service in its report on temperance to the General Council of the United Church, meeting at Winnipeg. The report is a continuation of the Department of Trade and Commerce, Ottawa, as imports of alcohol have increased from 201,241,415 in 1924 to 307,387,320 in 1926, the estimate shows. For the twelve months ending March 31st, 1927, the total was \$2,043,992 worth of alcoholic beverages, valued at \$2,043,992. The report of the provincial Liquor Control Board indicates that there is a steady increase in provincial sale of liquor."
